We've only just begun — to live
White lace and promises,
A kiss for luck and we're on our
way.
Before the rising sun — we fly.
So many roads to choose.
We start out walking and learn to
run.
And, yes, we've just begun.
Sharing horizons that are new to
us,
Watching the signs along the way,
Talk it over, just the two of us,
Working together day to day,
Together — Together
And when the evening comes,
We smile.

So much of life ahead
We'll find a place where there's
room to grow,
And, yes, we've just begun.
Sharing horizons that are new to
us,
Watching the signs along the way,
Talk it over just the two of us,
Working together day to day,
Together — Together
We've only just begun,
We've only just begun.

3. Mrs. Harper adds a finishing touch.
4. Are you sure this is how it goes together?
5. Tammy's handy with hearts.
6. There's more than one way to make a tree.
7. Jewel shows her talent of arranging flowers.

A black and white photograph of a forest stream. In the foreground, a small waterfall cascades over rocks. The middle ground shows a calm section of the stream reflecting the surrounding trees. In the background, a person stands in the water, partially obscured by the reflections. The scene is surrounded by dense foliage and trees.

You have a good head on your shoulders and I hope to see you use it. This school, town, state, country, world and universe has a lot of problems that need solving and I'm going to expect some help from you. Be sure to keep up the good work and keep striving to improve.
